Study Abroad: Southern Africa

Earn credits from Arcadia Abroad’s close partner, Augsburg University, located in Minneapolis, MN. Gain hands-on work experience in a development agency through an academic internship for credit, with potential additional credits in Political Science, Religion, Interdisciplinary Studies, or History.

studying abroad was one of the best decisions i’ve ever made. my program in particular was a great fit for me because we didn’t stay in one place, but traveled all over the countries of south africa and namibia. my favorite part of the entire study abroad program was my internship at the windhoek.

–augsburg university student

excursions & activities

get connected to your host community in southern africa through activities and connections with local organizations making a difference. meet with leaders making an impact from all aspects of the community:

- members of the african national congress and opposition parties
