With Arcadia Abroad, you will...

- Accelerate your learning, build marketable skills, and network through an internship with one of our internationally recognized industry partners.
- Zero in on the communities, activities, and interests that matter to you and tap into the rich knowledge and connections of our experienced in-country staff.
- Engage in different approaches to the use and development of technology and sciences in other countries.
- Develop critical thinking skills and cultural proficiency that will help you succeed in your career.
- Build your resume with an Arcadia Abroad Co-Curricular Learning Certificate—and demonstrate your commitment to learning from diverse cultures and communities.

University of Queensland
University College London
University of Canterbury

University of Edinburgh
