“Arcadia lives up to the mantra of “Learn Everywhere.” Part of studying abroad really made me open my eyes to taking lessons at any and all opportunities. It’s not always about the classroom and it is certainly not always about the grade, but it’s definitely about what you can take away from the lesson.”

We want you to learn as much outside the classroom as possible in different ways.

Site Visits
Learn where the action is – be it a Sikh temple to talk with community leaders or visiting the Houses of Parliament for a politics course or exploring London for an architecture class.

Volunteering/Service Learning
Our center staff organize many ways in which you can engage meaningfully with charitable organizations and the local communities to give back in some small way.

Events & Activities
Sometimes all it takes to make friends or feel involved is a social event such as a rugby match or comedy night. The Talk of the Town series of pub discussions with guest speakers is always popular!

Self-exploration
Our staff are on-hand to offer advice, ideas and support for your own journeys, activities and adventures outside the classroom in the U.K. or beyond.

England & Wales Excursions
From iconic imperial monuments to modern multicultural communities; from a global metropolis to hidden gardens and places inspirational in art, literature and science – our excursions range from those included as part of your course, to creative, off-the-beaten track experiences you wouldn’t find on your own. Excursions from Arcadia and our partner institutions in England and Wales explore your location, give it context and help you feel involved.

WHY SCOTLAND WITH ARCADIA ABROAD?

Scotland is a land of craggy mountaintops, deep valleys, shimmering lochs, mysterious castles and rocky seascapes, occupying the northernmost portion of Great Britain. The staggering beauty of its landscapes is rivaled only by its rich history and Celtic culture and language. Since 1976, Arcadia has had programs in Scotland and our connections here run deep.

All our students in Scotland are cared for by our staff and faculty in the Arcadia Edinburgh Center, ensuring they get the attention they need, both academically and personally, to make their program a success, as well as plenty of opportunities to learn outside the classroom about the country, its people and culture. Scotland’s current exciting political debates around identity and Scotland’s place within Great Britain, Europe and the world make this a fascinating time to study here.

+ **Edinburgh**, the ‘festival city’ is a UNESCO World Heritage Site, offering a beautiful, friendly urban environment, full of fascinating places to explore.

+ **Glasgow** is Scotland’s largest city. It has a vivacious, creative and edgy feel, with magnificent art collections and a lively music and theater scene along with multicultural street markets, cafés and street scenes.

+ **Aberdeen**’s coastal location at the gateway to The Highlands gives it a friendly, picturesque feel which attracts many visitors, including Britain’s Royals. You are only a scenic train ride from Edinburgh, and its airport gives good access to the rest of the U.K. and Europe.

+ **St Andrews** is a bustling market and university town with a medieval flavor. As the home of golf, it offers gorgeous coastal scenery and leisure pursuits in a relaxed and friendly atmosphere.

+ **Stirling**, with its steep and winding cobblestoned streets leading up to its eponymous castle, offers an intimate, quaint and truly charming setting where students quickly become part of the local scene.
Beyond the Classroom

We want you to learn as much outside the classroom as possible in different ways.

Site Visits
Learn where the action is – be it visiting the battlefield of Culloden as you study the significance of what happened there, or exploring heritage sites to better understand their unique qualities.

Volunteering/Service Learning
Our center staff organize many ways in which you can engage meaningfully with charitable organizations and the local communities to give back in some small way.

Events & Activities
Sometimes all it takes to make friends or feel involved is a social event such as a rugby match or comedy night. Talks and receptions in the center with guest speakers are always lively and thought provoking!

Self-exploration
Our staff are on-hand to offer advice, ideas and support for your own journeys, activities and adventures outside the classroom in the U.K. or beyond.

Excursions
From historic castles, battlefields and architecture to modern multicultural communities; from traditional ceilidh (kay-lee) fun to hiking, kayaking and Highland Games amid stunning scenery; our excursions range from those included as part of your course, to creative, off-the-beaten-track experiences you wouldn’t find on your own. Excursions from Arcadia and our partner institutions explore your location, give it context and help you feel involved.
Sample Excursions

Highland Activity Weekend
An activity-filled weekend hosted at Firbush Outdoor Centre on the shores of Loch Tay.

Loch Lomond Highland Games
Experience Scotland’s traditional games and take in the scenery from a boat ride on the lake.

Evening with a Scottish Author
Friendly conversation with a talented, published writer.

Highlands Weekend
Explore Loch Ness, a distillery, a sheep dog demonstration, Inverness and Urquhart Castle.

Rosslyn Chapel & the Scottish Borders
Beautiful countryside, sleepy villages, stately homes and mysteries.

I learned how to adapt to a new city with new customs, new slang, new everything. I learned the strength of internal motivation for independent study and exploration. This experience was amazing and most definitely worthwhile.”
