On our programs in Italy, you’ll immediately embrace the Italian approach to life, work, study and wellbeing - authentic experiences and connections with the local people, culture and way of life. Courses, activities, housing and social events are rooted in Italian life and include Italian students, communities and staff. You have a choice of two locations in Italy: Florence and Perugia. In each program, we will introduce you to the rich history, beauty, culture, lifestyle, art and romance of these distinct and wonderful regional identities.

Florence, the cradle of the Renaissance, is a special, creative city with a unique artistic fascination, and Perugia offers a university town with Medieval and Renaissance character.

- Learning outside the classroom plays a major role in every program, with activities ranging from exploring stunning, world-renowned landmarks to farm-to-table experiences with locals.
- Small classes, close contact with faculty, volunteering opportunities and residence in local neighborhoods help shape your experience.
- Italy will appeal to those who are looking for community-based, genuine experiences with stunning scenery, fascinating history and culture, a beautiful language and warm, friendly people who are passionate about living life to the fullest.
Beyond the Classroom

We want you to learn as much outside the classroom as possible in different ways.

Volunteering/Service Learning
You will have many varied opportunities to contribute meaningfully to the local community: working with local Unicef staff, become a teaching assistant at a local high school focused on English language activities, or volunteering with Manitese, a non-profit that works to eliminate poverty and injustice in third-world countries.

Academic Excursions
All programs include learning on-site so you can visit, experience and feel the topics you are studying. From overnight visits to Parma and Modena, to day trips to Assisi, to cooking classes at Malvarnia, your coursework will bring these locations to life.

Excursions
From the iconic, ancient world to modern Italian life, our excursions take you to creative, off-the-beaten track locations, often as part of your course. From local sporting events, to viewpoints only locals know, from cooking traditional food, to the art of Michelangelo. Programs in each of our sites in Italy fully explore context and use their geographical location as an open classroom.
